OF INTEREST TO
TOBACCO GROWERS

The following is a letter to Mr. W. H. Yandell from H. E. Cooper of the Hopkinsville Warehouse: "I wish to beg your pardon for failing to acknowledge my appreciation of the interest you have manifested, in having your friends to ship their tobacco to me for sale and deeply deplore the fact that our market has declined continuously since the latter part of January until we are unable to make sale of common and low grades of tobacco at any thing like the price that would justify the farmer for having produced it."

We have a good demand for heavy tobacco of the broad leaf type, this grade of tobacco has not suffered like the medium and low grades. However all grades of lugs and trash are extremely low.

I feel a personal interest in the farmers of Crittenden County and regret that they do not plant a broad leaf tobacco as the one smokers are not in demand and in my judgment always sells for less than the broad leaf. One of the chief mistakes I find that Crittenden County farmers either do not know or have never appreciated the value of properly curing their tobacco. To do this it is first necessary to use good tight barns, the next is to let their tobacco get ripe and avoid crowding their tobacco in the barn so as to cause house barn.

Their tobacco should be permitted to yellow before starting the fire. Only sufficient heat at first, to thoroughly wilt the tobacco for 24 to 48 hours then gradually bring up the heat of the barn to a temperature of 110 degrees holding this temperature until the tobacco is brown, allowing then the fire to die down but continue to smoke for at least a week or ten days longer, in fact you cannot properly cure tobacco in less than two weeks and some of our most successful producers fire their tobacco three or four weeks.

It is really pitiful that the conditions on the low grade are so low yet the market on the best grades continues high giving a spread of \$30 or more in the leaf tobacco as we have sold this week common leaf as low as five cents and quite

a good deal of fine leaf from \$30. to \$37.50.

Tobaccos that are big, tied and in soft condition of low grades will surely pay the expense of shipping.

Knowing the public spirit interest that you have in the welfare of your people, that unless they change their character of tobacco and their manner of handling and curing same the out look for the new crop will be gloomy indeed and I see nothing that will give relief for them on their present crop.

Those who have visited the market in person and seen the manner of handling and curing the good grades of tobacco say that the trip has been quite an education to them and I certainly hope that they will profit from same.

HUGHES—ESTES

The 1920 Chautauqua

Begin now to plan to attend the Chautauqua to be held in Marion this year. The program is to be the best one yet. True it is several weeks till time to attend Chautauqua but it is not too soon to talk Chautauqua with your neighbors, and either buy or have your season tickets reserved for you.

Let's make the Marion Chautauqua the biggest one in western Kentucky. This can easily be done if every one will take a hand in boosting it—and the best way to boost is to buy a season ticket for each member of your family—and influence your neighbor to do likewise. The cost is small and the returns big.

TEST YOUR SEED CORN

Corn planting time is here and testing of seed corn is at hand. It is deplorable that a great number of farmers select their seed corn from the crib just before planting. Seed corn should have been selected just fall, cured and stored. The lack of care in selecting, curing and storing of seed corn is one main reason why the average yield in Kentucky for 1919 was only 26 bushels.

What constitutes a good ear of seed corn? The following is a description of an ideal ear of seed corn: the ear should taper uniformly from butt to tip and should be as near as possible cylindrical. Such an ear holds the largest amount of grain and contains the largest percentage of grain in proportion to cob, other things being equal. Both the butt and the tip should be well filled for same reasons and because this indicates full development and maturity as well as adaptation to soil, latitude or season. Excessive length is not desirable when obtained at the expense of poorly filled butt and tip. A good proportion between circumference and length is three to four, or a circumference of six inches for an ear eight inches long. A good size for the circumference of the cob is from three and two thirds to four and one third inches. The cob should be neither too large or too small. It is evident that of two ears of equal size and compactness the one with the small cob will contain the more grain. On the other hand while small cobs usually contain the larger proportion of grain, the total weight of the ear is often much less and the yield smaller. A large cob that is not obtained at the expense of the depth of the grain will contain the largest amount of grain. Excessively large cobs however are objectionable as they usually carry a large percentage of water, thus lowering the keeping qualities of the grain and its vitality for seed. This is likely to be true of ears that are distinctively tapering, as well as making them more difficult to husk on account of some way.

SURVEY PASSED MARION

The transit party of the federal surveyors reached Marion last Saturday. The road as it is now surveyed enters Marion on North Main Street, coming across Mrs. Pierce's pasture in front of her house and following Main Street until it reaches the new Marion and Salem road at A. H. Reeds corner.

The survey follows the road rather close until it reaches Dr. Stones farm there it deviates little to the south side crossing the creek about one hundred yards above the old bridge. It then follows the road until it reaches the culvert passed Mr. William Sullenger, there it leads off to the south passing up the hill in front of Mr. Bird's house and hitting the road again at the Patmore lane. It is not decided where it will go over the Moore hill.

There is some controversy as to whether the road should go from the center of the town or the old road by the Cemetery or go down to Reeds corner. By the road going to the Reed corner and then turning it makes the road that is coming from Princeton intersect it at that point thus making the intersection in the outskirts. If the road went out by the cemetery it would add extra street as the road coming from Princeton will then come to the corner by Taylor and Taylor's and making the two roads meet in the center of the business district.

ATTEMPT TO OPEN SAFE

Morris's Grocery was entered last Friday night by some one who was evidently well acquainted with the place and an attempt was made to get the money in the safe of Yates Iros.

The intruders broke the glass in the back window and climbed into the store room. From there they tore the screen wire off that was nailed over the transom in the partition between the store room and Yates Bros. Music store, and attempted to open the safe of Yates Iros. The evening before a sum of money had been put in the safe and locked up as the bank was closed and the ones who attempted to open the safe had presumably some knowledge of the failure to deposit the money. They failed in their efforts to open the safe and did not climb back through the transom but opened the door and left it open.

WILSON'S ADVICE IS TO BANISH TURKS

BELIEVES BEST INTERESTS OF
WORLD WOULD BE SERVED
BY SUCH ACTION.

GOVERNMENT IS INTERESTED

Arguments Against Retention of Otto-
mans in Europe Much Stronger
Than Those Favoring Their
Remaining.

Washington—Alleged expression of Pres. Wilson's opinion that the often expressed intention of the allies that the anomaly of the Turks in Europe should cease should be carried out in framing the Turkish treaty characterized the American rejoinder to the recent allied note transmitting information as to the status of treaty negotiations.

While the strength of argument for retention of the Turks in Constantinople was recognized, the note said that the American government believes that the arguments against are far stronger and certain certain imperative elements which it would not seem possible to ignore.

The American rejoinder, the first diplomatic paper to hear the signature of Secretary Colby, was handed to the French ambassador here March 21 for transmission to Premier Millerand and made public by the State Department, on advice that it had been delivered.

President Wilson, it says, "does not deem it advisable in the present circumstances" that the United States should be represented at the conferences, as suggested by the allied communication. He feels, however, it was added, that "as the government is vitally interested in the future peace of the world, it should frankly express its view on the proposed solutions of the difficult questions connected with the Turkish treaty."

Comment on some of the territorial phrasés and upon the whole economic programme of the proposals as to the straits was deferred, pending more complete information as to the objects sought. The note takes occasion to say, however, that "if the understanding of the government of the United States that whatever territorial changes or arrangements may be made in the former Ottoman empire, such changes or arrangements will in no way place American citizens or corporations, or the citizens or corporations of any other country, in a less favorable situation than the citizens or corporations of any power party to this treaty."

The American expression "notes with pleasure that provision is made for Russian representation on the international council which it is proposed shall be established for the government of Constantinople and the straits." In this connection it adds:

"This government is convinced that no arrangement that is now made concerning the government and control of Constantinople and the straits can have any elements of permanency unless the vital interests of Russia in those problems are carefully provided for and protected, and unless it is understood that Russia, when it has a government recognized by the civilized world, may assert its right to be heard in regard to the decision now made."

NOW, WHAT WOULD YOU DO?

New Yorker Saw Only One Way to Settle Problem of Street-Car Eleguette Confronting Him.

A business man who was raised far enough away from New York still to say "I'm not" when he speaks to a strange woman was recently confronted with a new angle of one of the major transportation problems of city life.

His theory is that since women have sought and found equal opportunity in business and in politics, a tired man should have an equal opportunity in the seat lottery on the way home at night. He will not take a seat if there is a woman standing near it. He will yield his seat to an elderly woman, and this is a cardinal exception—to a woman with a baby.

But he did not have the answer ready the other night when he looked up from his paper to find clinging to the strap before him a handsome young woman with a puppy under her arm.

The hero of this experience is a quick thinker, but also set in his convictions. Of course, he reasoned, a dog isn't a baby; in a woman who will give up one on the subway in the rush hour isn't a "tired working girl?" If I give up my seat to a woman with a baby, I should be doing only what is right, but if I give my seat to this woman with the puppy every man in the car will laugh and I shall feel silly myself.

Being a diplomat he got off at the next station and waited for another train—New York Sun.

DANISH MOB CRIES DOWN WITH KING

LED BY RADICALS, 40,000 HOLD DEMONSTRATION IN FRONT OF PALACE.

THE SITUATION IS GRAVE

Trouble Was Precipitated by King's Dismissal of Cabinet Headed by Premier Zahle—People Demand a Republic.

Copenhagen.—A huge mob, estimated at more than 40,000, staged a great demonstration in front of the royal palace here, shouting "Down with the king!" "Give us a republic!" and singing the Marseillaise. Police and soldiers guarding the palace were unable to cope with the mob.

The demonstrators were led by radical workmen and Socialists, who have been active in working for a republic since King Christian dismissed the cabinet of Premier Zahle.

Members of the town council joined in the demonstration. Earlier in the day they had memorialized the king against formation of a cabinet antisocialist party by the Socialists.

King Christian was in conference with his new ministry, headed by Otto Løkke. It was admitted the situation was grave.

The Danish king precipitated the present crisis last Monday when he dismissed the cabinet headed by Premier Zahle. The action was unprecedented in modern Danish history and Socialists immediately demanded reconstitution of the ministry on threat of a general strike.

King Christian refused and troops were called into the city to guard the royal palace.

Dismissal of the cabinet was attributed to its failure to attain success in the Danish-German plebiscite voting in the second zone. The zone voted to remain German and the king named his ministry.

Socialists have threatened to press a republic ever since the trouble started.

STRIKE DECLARED ILLEGAL

President Brotherhood of Railway Trainmen Will Use Every Effort to Fill the Places.

Chicago.—Treating their contracts as "in a heap of paper," switchmen continued to desert their posts in an illegal strike which threatens to throw 150,000 men out of employment and seriously affect the entire industry.

For the first time in labor history a great labor union has joined hands with a railroad company to break a strike of its own members. The strike in the Chicago railway yards has been declared illegal and unauthorized by William G. Lee, president of the Brotherhood of Railway Trainmen, who declares that every effort will be made to get the men back at their work immediately.

BIG BLIZZARD HITS CHICAGO

Instead of Displaying Easter Finery, People Had to Wrap Up in Heavy Winter Garments.

Chicago.—A blinding blizzard ushered in the Easter festival in the middle west. Needless to say no one pranced the streets to display Easter finery. Those who ventured out were clad in their heaviest winter apparel and had great difficulty in seeing five feet ahead of them because of the blinding snow.

Snow began falling at 6 o'clock in the morning and fanned by a stiff wind, continued until late this afternoon. Five inches of slushy snow covered Chicago.

PIES and PASTRIES

From the NEW ROYAL COOK BOOK

CHEER up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry

This recipe is for one large pie with top and bottom crust

2 cups flour
1/2 teaspoon salt
1/2 teaspoon Royal Baking Powder
1/2 cup shortening
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers. Add water, a few drops at a time, until the dough is pliable. Add cold water, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled, roll out other part for top.

Rich Pastry

2 cups pastry flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1/2 cup shortening
cold water

Sift flour, baking powder and salt; add one-half shortening

ROYAL BAKING POWDER

Absolutely Pure

and rub in lightly with fingers; add water slowly until of right consistency; roll out one half thin; put in pie pan; roll out remaining shortening; fold upper and lower edges in to center; fold sides in to center, fold sides to center again, roll out thin and put on pie plate. Repeat with other half for top crust.

Apple Pie

1 1/2 cups flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1/2 tablespoon shortening
1/2 cup, or 1 quart sliced apples
2 tablespoons sugar
1/2 cup milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been well washed, sliced and sprinkled with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 50 minutes.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You must suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Birmingham, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

NOT MUCH STUDY INVOLVED

Grandma Evidently Didn't Think Highly of the Doings at Women's Debating Club.

Timothy had to be very quiet on certain days in the week. Sunday mornings were bad because his mother had to study his lesson for the afternoon Sunday school. Tuesday evenings he had to tiptoe around while brother John studied his lesson.

Friday evenings sister Nellie went to a debating club and it was often preceded by the last look at her part in the debates.

Then one day mother announced that she had been invited to join a bridge club. Every one was anxious for her to join but little Timothy, who sighed: "Oh, mother, now will you have to study, too, before you go there? What do they require at your club?"

Everybody smiled but dear old grandmother, who did not approve of bridge clubs. "Oh, she won't have to study much," she retorted tartly. "She can just listen at the first few meetings until she learns how to play like the rest of them."

But One Way Is Better.

A bluff, hearty old bachelor friend of the family, trying to get on terms with the son of the family, asked him: "Have you practiced any fancy methods of skating, sonny?" "No," said sonny; "I can skate only two ways as yet." "Ah, and which are they?" "Standing up and sitting down," said sonny.

The Modern Rube.

"Say, Cy, I jes' found out what I am."

"What is it?"

"It's me, Hiram! What is it?"

"Why, it's one of them forty-one."

"It's a week's pay, I mean."

"What's all right; but how about the drill sergeants and second lieutenants?"

A Kindly Caddie.

"Oh, yes, sir, there's worse golf players in the world than you are, sir," the caddie said kindly. "Lots worse!"

"Well, that makes me feel better," the club responded. Then by swinging his club, failed to touch the ball, but lifted a section of turf as large as a dinner plate.

"Yes, sir," the caddie continued.

"There's certainly worse players, but they never let anybody catch 'em on the links!"—Everybody's Magazine.

What Are They?

"I see the order has gone forth that human beings are to be enlisted in the army as recruits."

"That's all right; but how about the drill sergeants and second lieutenants?"

THE MOVIES

One hears some considerable talk about town these days about whether or not the influence of the moving picture is for the best interests of a community.

Of course this is a mooted question that will be debated pro and con for many years yet but the fact remains that the moving picture is here to stay and the citizenship might as well take the matter squarely.

Granted for the sake of argument that there are many pictures produced that are of a nature that no decent person would wish to see but has a picture of that sort ever been shown in Marion? The writer has seen many pictures since coming here and while it is true that some of them have no particular plot or story there has not been a single scene or expression that would offend the most sensitive. Many of the pictures are of an educational nature, nearly all show that in the end it pays to do right, though sometimes William S. Hart has to kill several wicked Mexicans to do it.

The biggest benefit that moving pictures can possibly bring to the small town is exactly the same benefit that the Chautauqua brings. They enable these people to see a class of acting and artistry that many of people would never be able to see were it not for these pictures. Again they furnish innocent amusement for the masses and some place to go when the mind craves a diversion—which every sane person must have or they will rust mentally.

True some people should not be permitted to go to a moving picture show. They are the ones who get so excited that they do not care how many people they disgust with their indiscriminate spitting of tobacco juice. But you can not blame the picture for that.

OBITUARY

On the morning of March 6, 1920 at 11:30 o'clock the Death Angel visited our home and took from us our darling, Vera. She was born in Crittenden County, Kentucky October 10, 1899 and professed Faith in Christ three years ago and lived a Christian life from that time on to her death. She was sick only a short time with the influenza and bore her sufferings patiently to the last and was ready to die. On Friday morning before she died she said she could see Jesus and when the end came she threw up her arms and said "Mother I want to hug you". Mother took her into her arms and she died peacefully without a struggle.

She fell asleep in Jesus that blessed sleep from which none ever waketh to weep. We can not call her back but some day we will clasp her hand in that beautiful Home which God hath prepared for us where there is no pain or sorrow and all is joy and peace and love for ever.

Oh how sweet to trust in Jesus and when the Master calls us like sister Vera let us be prepared to go.

She leaves to mourn her loss a father and mother, Mr. and Mrs. G. H. Ford and sisters, Mrs. Almaukewell of Henderson and Misses Elva Mills, Stella, Corda and Virgie and two brothers, Gorman and Henry Ford at home; one half sister, Mrs. R. L. McDowell of Nampa Idaho and one half brother, Charlie Lamb of this county. And may the great eternal God of love lead us and guide us in such a way that we will meet in that beautiful home with darling Vera where parting is no more. A precious one from us is gone a voice we loved is stilled a place is vacant in our home which never can be filled.

TO THE PEOPLE OF CRITTENDEN COUNTY

Who Bought Cross Salve when I canvassed the county some time since

If any of you are dissatisfied in any way with the results obtained I want to give you back your money.

And if any of you are pleased with the results let me know about it, won't you?" Mr. J. C. Gifton says.

Marion, Ky., March 12th.

These to certify that I had what two good doctors call cancer on my hip and Cross's Salve completely cured it. There has been no sign of it for two years. I can heartily recommend it. I would not be with out it in my house if there was any chance to purchase it. I remain, J. C. Gifton, Marion, Ky.

When a Man Marries

Is a good time for him to open a bank account and start to save, if he has not already acquired that thrifty and saving habit that he is bound to acquire if he expects to make a success of his life.

IT IS ESSENTIAL

That he make a wise selection of the bank to which he intends trusting his funds. He also wants to form a connection with a bank that will carry him over the hard times that come to the best of us, and he wants a bank that will consider his personality as well as his tangible securities. Such a bank is ours.

WE'LL HELP YOU

This bank always stands ready and willing to aid its customers. You cannot go wrong by investing your surplus in U. S. Treasury Savings Certificates or Liberty Bonds. They are issued by the United States Government, and are good as gold. We will be glad to point out their advantages and to aid you in acquiring them.

HOTLY CONTESTED MEETING

A hotly contested meeting was held at the court house Tuesday to determine the crossing point of the road over Tradewater. About one hundred and fifty citizens from the northern part of the county were in attendance.

When the road question was put before the people to be voted upon hot summer, and the Fiscal Court had fixed, Cypress was the crossing point over Tradewater. As the survey has been made, it did not cross at Cypress but running from Sturgis to Sullivan it crossed at Perry's Ferry instead of the officially designated point.

The citizens around Cypress insisted that the Fiscal Court impinge with the State authorities and see that they get their due survey, then if the Sullivan route prove the better it be adopted.

KENTUCKY NEWS ITEMS

Condensed News of Interest From All Parts of the State

Middlesboro.—Anna Lee Smith, 10, died from burns sustained when her clothing caught fire from an open grate.

Flemingsburg.—Samuel Henry Isham, 69, widower, and Mrs. Susan Stanfield, 67, widow, both of Ewing, were married here.

Jackson.—Edward Deaton, Crockettville business man, filed a petition in bankruptcy, listing liabilities at \$17,000 and assets at \$12,000.

Louisville.—Believing his sister was near death and fearing no provision had been made for his maintenance, J. F. Berkmeir, 82, hanged himself in her home.

Louisville.—The Small Grain Distilling Company, capital \$10,000, just organized here, will operate a distillery to make whisky for medicinal purposes.

Owensboro.—Dan Owen sues the estate of Jacob Lucas, his father-in-law, for \$1,344, which he claims is due him for nursing the deceased. His charge for the last eight months of deceased's illness was \$90 per month.

Williamstown.—Engaged in minute warfare, Russell Atwood, 15, shot out the eye of little William Williams, Jr., with an air rifle. J. W. Shields, police judge, has put a ban on boys' rifles, shotguns and bows and arrows.

London.—Beveridge Haverly, 13, son of former Representative C. W. Haverly, was given a judgment of \$5,000 against the L. & N. R. R. for injuries received when burning oil fell upon him while working in a cylinder pit.

Bowling Green.—W. S. Bennett, head salesman at Pushin's department store, narrowly escaped death when he was struck by an automobile driven by an unknown party. He was cut and bruised about the head, face and body, and was rendered unconscious.

Frankfort.—Hearings by the Franklin County Board of Supervisors on increased assessments amounting to \$500,000. The increase was ordered by the State Tax Commission, being apportioned \$200,000 to the city and \$300,000 to the remainder of the county.

Paris.—Miss Josephine English, 17 years old, who died as a result of burns, had a defect in her eyes which caused her to write backward only. Her manuscripts had to be held up to a mirror to be read, and she was a problem to school teachers. Oculists and physicians who examined her pronounced the case unique.

Mt. Sterling.—The following boys from this county have enlisted for three years in the Second Machine Gun Battalion, and have gone to Camp Taylor: Everett Overly, Harvey Gentry, James Spence, Herbert Isham, Leslie Lansdale, John Lansdale, Leslie Adams, Byron Wood, John Berryman, Elshia Grey and Stanley Dows.

Sergeant.—Squire John Ghent, of Carrs Fork, seven miles below here, has had his first shave in 45 years and his wife and his friends failed to recognize him after discarding the long snowy white beard that he had worn for so many years. The old man's consular treat has been the subject of unique conversation in the Carrs Fork vicinity ever since the event occurred.

Irvine.—Irvine will have one of the best school buildings in Eastern Kentucky when present plans are carried out. The graded school building committee met and organized, with M. G. Whitteman chairman, and A. F. Floyd Rogers secretary. The other members are J. W. West, P. B. Neal and S. S. Noble. It was decided to advertise for plans for a modern building of fourteen or fifteen rooms to cost about \$50,000, work to begin in the near future.

Dunville.—The skeleton of an infant was found by John Turner in the attic of his house in Parksville, this county. The skeleton was discovered accidentally when Turner went into his attic to repair a leak in his roof. The skeleton had been tied in a sack and had evidently been in the attic for several years, as only shreds of the enveloping sack remained. Turner had only recently moved into the house, which had been occupied by several families in the past few years.

Hickman.—As soon as the weather opens up the Fulton County construction crew will begin work on all highways in the county, and attempt to get all roads in good shape early this season. Last year the weather conditions in both spring and fall were adverse to road improvement and what was accomplished was done under great difficulty.

Hickman.—Wood alcohol caused the death of Luther Osteen, 33, at his home in this county, he being the first victim of the poison in this section.

Columbus.—Thieves entered the store of Late Phillips, at Slanville, Taylor county, and got considerable merchandise and \$500 in cash. Two men, one by the name of Phillips and the other Cox, were arrested and charged with the robbery and lodged in jail at Campbellsville.

Nicholsonville.—Helen, little daughter of John Homer, was severely shocked and her right hand and a toe of her right foot were burned by electricity when she completed a circuit by pulling off a light in the bathroom.

RELIEF FOR SERVICE MEN IS APPROVED

HOUSE WAYS AND MEANS COMMITTEE TAKES FAVORABLE ACTION ON QUESTION.

TO WORK OUT THE DETAILS

Not Known What Form Legislation Will Take, But Subcommittees Will Prepare Plans for Action Before Recess.

Washington.—Soldier relief legislation, with probable provision for a cash bonus, funds for which would be raised by a sale of luxuries taxes, was approved by the house ways and means committee by a vote of 15 to 6. Details of the bill to be recommended will be worked out by subcommittees.

Members of the committee hope to obtain final action by the house before the contemplated recess for the national political conventions, but they express doubt when action by the senate could be had at this session.

Senator Lodge, of Massachusetts, the republican leader, after a conference with other senate republicans to future legislation in the senate, said he thought it would include a bill to give a money bonus to former service men, with provisions for a special tax to raise the necessary funds. The program approved by the house committee declares against any bond issue. It is understood to have been submitted by Representative Longworth, and was discussed at great length in executive session.

While the exact form of the legislation was not decided upon, committee discussion was said to have indicated approval of a plan extending vocational education as an alternative to the cash bonus. These two plans are a part of the American Legion's program. Its other selected plan of government aid to soldiers and sailors for building homes or obtaining ownership of farms was said by some members of the committee to be worked out by legislation before the recess.

Spokesman for the committee said it was planned to have the final draft of the legislation ready for submission to the house within a fortnight. As no decision was made as to the amount of the bonus or the cost of other plans that might be adopted, it was said that no estimate of the funds needed could be made at this time. It was also said that there had been no decision as to whether the bonus would be paid in a lump sum or be graduated according to the length of service of each individual.

LEAGUE COUNCIL TO MEET

Conference to Be Held in Rome—Many Important Questions Will Be Up for Discussion.

Washington.—A full and important program will confront the council of the league of nations when it assembles in Rome April 27. Included in the matters scheduled to be discussed, it was learned here, are such questions as the approval of the temporary organization already effected of the secretariat of the league; the method of financing that body and its accounting; regulation of admission of new states; repatriation of German and Austrian prisoners of war now in Siberia; traffic in women and children; disposition of the work of the Washington labor conference; adoption of rules of procedure, and finally, to draw plans for the organization of the international supreme court.

Covington.—A "clean-up" of gambling will be started by Mayor Thomas F. Donnelly. This was announced by the mayor on assuming temporary charge of the police department in place of Safety Commissioner L. E. Bullock, who was granted leave of absence pending trial on indictment for alleged removal of whisky from a warehouse at Latonia. The mayor issued the statement that gambling in various forms is prevalent in Covington.

Whitesburg.—To assist members of the union and its sympathizers, nearly fifty tents have been set up at Lodmin, a mining town on the L. & N., to accommodate them. It is said that the two coal companies operating there have dispossessed a number of union miners in the photos, leaving them homeless. It was then that the union heads got busy and sent the tents. A man accompanied them to assist in the erection of the tents to be used as houses for the miners.

Lexington.—Under the terms of the will of James Shannon, filed for probate in the County Court here, the entire estate is left to his widow, Mrs. Catherine Shannon, during her lifetime, to be distributed equally among their three children, Margaret, James, Jr., and John T. Shannon, upon her death. The estate is valued at more than \$40,000.

Elizabethtown.—Tom Strange, negro, whose home a mudshrike still was found, was held over to the federal grand jury.

Mayville.—Executors of the estate of Mrs. Jennie Osborne are made defendants in a suit for \$800 by J. B. White, brother of the deceased, claiming as due for services in caring for her and in her of an alleged unfurnished promise that she would leave all of her estate to him.

Somerset.—The Connell refused the telephone company for authority to increase rates on residential and business telephones to provide funds for improvements and extensions.

SUPREME COURT DECISION LEAKED

CRIMINAL INDICTMENT ON THIS CHARGE FOR FIRST TIME IN HISTORY.

AIDED STOCK SPECULATION

U. S. Supreme Court's Verdict in the Southern Pacific Case Disclosed, Is Charge, Through Secretaries to Justice McKenna.

Washington.—For the first time in history a criminal indictment was returned against persons alleged to have obtained advance information of a supreme court decision for the purpose of stock market speculation.

Ashton F. Embry, former secretary to Justice McKenna, was named as the man who disclosed the substance of the highest court's forthcoming decision in the Southern Pacific case last November. He was said to have received \$600 for the information whereby the other defendants E.illard Mayer, Jr., a New York broker; Barnett E. Moses, lawyer, of Washington, and James Harwood Graves, former assistant attorney in the Department of Justice, were enabled to sell "short" 500 shares of Southern Pacific, on which a profit of \$142,500 was made.

The indictment, returned in the District of Columbia Supreme Court after months of investigation by the Department of Justice, charged specifically conspiracy to defraud the United States in its right of secrecy surrounding opinions of the United States Supreme Court prior to public announcement by the justices in formal session. It recited that "from time immemorial" the custom was to deliver all opinions so that all citizens might and did have equal opportunity to be informed concerning them "to the end that the court should continue and be regarded as an impartial and public tribunal administering and declaring public law in public and general manner without favor . . . as one Ashton F. Embry then and there well knew."

While there have been rumors of court leaks in the past, investigation always disclosed that they were without foundation.

The finding of four indictments by no means closes the incident, it was learned. The Department of Justice is continuing its investigation. This much was admitted by Capt. Frank Burke, assistant chief of the bureau of investigation. He declined to discuss the matter further or to state who was under surveillance.

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials for biscuits—anyway without fear of uncertainty. Calumet makes you forget failure.

When CALUMET BAKING POWDER is the great powder because it gives the best baked goods. It has the best quality and because it is the most expensive. The price is right. And the taste is delicious. And I can assure you that there is none better. If you are a baker, if you are a housewife, if you are a cook, and get a Calumet bag, you will be a better baker. Calumet costs more, but it is well worth the extra money.

PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

Mrs. Iseman Thinks it Wrong
If She Didn't Publicly
Praise Trutona.

Paducah, Ky., April 1. Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Iseman, 402 Washington Street, Paducah. She has been prominent in lodge circles here for years, having held several high positions in the local W. O. W. circle.

"I must admit that I was almost ready to 'hand in my checks' when I began taking Trutona" she said. "I had been suffering from a complication of troubles for several years. My bladder and kidneys were in a bad condition. I had scarcely any appetite and found it hard to sleep well at night.

"I do not like publicity and consequently am not enthusiastic over having my name used, but I feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished. I have a splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me".

Trutona is now being introduced and explained in Marion at Jas. H. Orme's Drug Store.

IN MEMORY OF

LOUIS ALLEN GUESS

Louis Allen Guess was born January 16 1880, and died February 29 1920 at Hot Springs, Arkansas of influenza and pneumonia at the age of forty years, one month and three days. He was married to Miss Effie Tucker April 29 1901, to this union was born two children Herbert and Herschell, who with their mother survive him. He also leaves to mourn his loss his aged father, six brothers two sisters and a host of friends and relatives. He professed Faith in Christ about twelve years ago and joined the Baptist Church at Blackburn, he afterward moved his membership to Piney Creek where he remained a member until his death. He was an affectionate and faithful husband a kind and loving father, always devoted to his family, he had often spoken of dying saying he was prepared to go and spoke of the beautiful song a few days before he left "When The Roll is Called in Heaven I'll be there". And we knew by the smile on his face that he was in Heaven with Mother and Sisters who had gone on before. He had written to his wife saying that he had the influenza but not serious and will soon be alright. This letter was received on the 17 of February; later a telegram was received stating that he was very sick with influenza and pneumonia but the doctor stated he was not in danger and he seemed to be doing very well up till Friday morning at three o'clock he had a sinking spell and died at 10 A. M. without pain, just went peacefully to sleep in Jesus with a smile on his face. His brother left immediately for Hot Springs and accompanied the remains back. Funeral services were conducted at the home of his father by Rev. Will Oakley in the presence of a large number of relatives and friends. The remains were taken to the Dollar cemetery and placed beautifully away by the side of his mother to await the resurrection morn. Precious father than hast left us, all alone yes forever more little did we think when you left home on February 5 that we would never more meet this side of Heaven. Oh it was so sad to be away among strangers and we did not get word in time to reach there. Our home is so sad and lonely without you; how can we do without you? How we miss thee no one can tell. Your voice on earth is stilled; a place in our home is vacant, which never can be filled. Farewell, a sad farewell no more thy face we'll see. No balm will heal, no tonic can tell, the sorrow felt for thee. Sweet shall thy slumbers here and calm thy peaceful breast, beyond the reach of earthly cares thy soul has found sweet rest.
